CAREER OBJECTIVE:

I am a Passionate and dedicated Frontend Developer with a solid foundation in computer science and a Bachelor's degree in CSIT from Tribhuvan University. I am eager to leverage my proficiency in **HTML**, **CSS**, **JavaScript**, **React.js**, **Bootstraps**, and Git/GitHub to contribute effectively to dynamic and innovative projects in a collaborative team environment. I am committed to staying updated with the latest trends and technologies in front-end development to deliver exceptional user experiences and drive business growth. I am seeking an opportunity to utilize my skills and creativity to make meaningful contributions to a forward-thinking organization.

WORK EXPERIENCE:

Udey Tech (Janakpur,Nepal)

As a frontend developer

 January 2022 - June 2022

- ❖ I've worked as a front-end developer and made small projects, such as creating personal web pages and simple interactive elements.

TECHNICAL SKILLS:

- ❖ **React**
- ❖ **JavaScript**
- ❖ **Html/CSS**
- ❖ **Figma**
- ❖ **BootStraps**
